

84N Series

Sheet Metal Press Room Gripper Products

DESTACO Introduces the newest addition to its line of stamping press sheet metal gripping solutions.

The Accelerate® sheet metal press room gripper is half the weight and more compact, with faster actuation — when compared to our closest competition⁽¹⁾ — without sacrificing grip force which measures up to 1000 N at 5 bar.

The lighter, smaller and faster 84N series gripper accelerates stamping press operations by helping customers produce more stamped parts per hour with higher efficiency while reducing moment forces and overall system wear and tear.

Product Highlights/Options

- Standard, chisel and 90° jaw options
- 30°, 45°, 60° and 75° jaw opening available
- Flexible mounting options
- Part present sensing
- One-step tip adjustment tool

Double Blank Detector Sensor Kit

84N1 with 32mm Side Ball Mount
and Infrared PNP Sensor Kit

84N Series Sheet Metal Gripper used with Accelerate Lightweight Tooling.

The Accelerate® Press Room Sheet Metal Gripper is designed to compliment the Accelerate® Collection, providing a complete lightweight and flexible tooling system.

The Accelerate® Collection handle parts of any size and shape throughout the stamping process.

The Accelerate® Press Room Sheet Metal Gripper is:

60% lighter* (0.27kg vs 0.56kg)

12% smaller* foot print

60% faster* actuation (33ms vs 50ms)

100% DESTACO innovation

*When compared with our closest Competition

Specification	Unit	
Grip Force at 5 bar	N	Up to 1000
Weight (FC00 version)	Kg	.27
Size L x W x H (closed)	mm	110 x 43 x 43
Size L x W x H (open)	mm	110 x 43 x 64
Actuation Time	ms	33
Life	cycles	5 million
Minimum Operating Pressure	bar	1
Opening Angles		30°, 45°, 60°, 75°
Piston Ø	mm	25
Air Consumption/Cycle	L	.015
